

**We have this friend you see?. He has this thing about posting picture of the most appalling food. If you see a Wetherspoons plate you know he?s gone executive. If he?s on holiday in Eastern Europe you can pretty much expect to see live toads and entrails on his plate??**

**So just for you Hugh:-**

½ a Giant Yorkshire Pudding ( Seems reasonable so far )

Parsnip crisps ( Also reasonable )

Boiled Carrots ( Still sounds OK? )

Deep fried Lecto-Fermented Garlic Mushroom in a Gram Flour batter with Chilli seeds ( Getting a bit harsh now )

Pork Loin steak griddled with whole grain Mustard ( No bad but a bit dry and the griddle will need a proper clear! )

Onion Gravy

Fresh Parsley from the planter box outside the make it all ?Pretty?

**Addition extras for Hugh**

(1) One shaved raw Pigs scrotum.

(2) Vanilla Ice cream.

(3) A live Toad.

(4) Sawdust from a large west facing Sycamore tree.

**Actually without the ?Hugh Additions? it was quite tasty!**
